

Project Demo Planning

Date	25 May 2026
Team ID	XXXXXX
Project Name	Smart Lender – AI Loan Approval Prediction System
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the project, objectives, and problem statement.	2	Individual(self)
2	Solution Overview	Explain the system architecture, workflow, and technologies used.	3	Individual(self)
3	Data Processing & ML Model	Demonstrate data preprocessing, model training, and XGBoost prediction.	4	Individual(self)
4	Live Application Demo	Show applicant data entry and loan approval prediction using the Flask application.	4	Individual(self)
5	Results & Performance	Present model accuracy, evaluation metrics, and project outcomes.	2	Individual(self)
6	Conclusion & Q&A	Summarize the project and answer audience questions.	3	Individual(self)

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the need for an AI-based loan approval system.
2	Solution Overview	Describe the workflow, architecture, and technologies used.
3	Live Feature Demonstration	Demonstrate applicant data entry and loan approval prediction.
4	Q&A Session	Answer questions and discuss future enhancements.
